Rising Inventor's Summit on Entrepreneurship

**Friday, 23<sup>rd</sup> December 2022**

A day to celebrate the spirit of Entrepreneurship

## ABOUT JECRC UNIVERSITY

JECRC University has its campus in Jaipur the capital city of Rajasthan and the famous tourist and business city in north-western India.

The 32-acre JU campus combines unique classical architecture and thoughtful layout and landscaping to create a perfect learning ecosystem. The campus is located around the prime industrial and institutional hub of Jaipur and is well connected with all parts of the city.

JECRC University is driven by the spirit of innovation-led research. This is spelt out in infrastructure as well as practices. The multifaceted research encompasses subject-specific exploration as well as the contexts of the business environment in which our students will operate and perform. JECRC is known for a strong research culture and close industry linkages.

## ABOUT JECRC INCUBATION CENTRE

Academic excellence and vast experience in the field of research and innovation at JECRC University led to the inception of JECRC Incubation Center in 2018 with a vision to handhold the campus as well as entrepreneurs from around Rajasthan to turn their ideas into successful startups.

JIC has become a one-of-its-kind startup incubation center for young and ambitious startup founders who are addressing the big challenges and solving real problems through their businesses. to thrive upon and accelerate their startup growth.

Experienced & Dedicated JIC Team

150+ Alumni Startups

One of the only twenty group 2 centre (G2C)

100+ Events and Activities

Most Promising Academic Incubator by Asia Today

Recognized by Government of India

RISE- Rising Inventors Summit on Entrepreneurship is a platform to celebrate the spirit of entrepreneurship, where we are creating an umbrella to bring all the Ecosystem Enablers, Mentors, Investors and Startup Enthusiasts at one stage.

The occasion will not only give wings to the desires of entrepreneurs but will be empowered by the thoughts of the budding brains.

Entire scenario of the day will be bifurcated into two parts:-

- The Startup Expo
- The Ideathon

So here JIC presents a bridge to uplift the startup brains and induce the glory of entrepreneurship amongst the genZ souls.

The logo for Startup Expo is rendered in a bold, yellow, sans-serif font. The word "STARTUP" is on the left, followed by "EXPO" on the right. The letter "U" in "STARTUP" is significantly larger and features a stylized rocket ship with a triangular nose cone and a small triangle on its side, positioned vertically above it. To the left of the "U", there are three interlocking gears of varying sizes, also in yellow. The background of the slide is a gradient from red on the left to purple on the right.

# STARTUP EXPO

The Startup Expo is a stage which is designed to embrace the startup founders which possess the potential to show exponential growth in the upcoming years and the occasion will provide the budding entrepreneurs a market place along with an interactive investor connect.

The top 10 startups shortlisted by the elite jury panel during the expo will get an opportunity to pitch their ideas in front of the investors and will be appreciated by the investment as per the interest of the capitalist.

innovate! implement! inspire!

# iDEATHON

Marathon of Ideas

A yellow lightbulb icon is integrated into the letter 'O' of the word 'IDEATHON'. The lightbulb is stylized with a yellow glow and a brown base.

Ideathon is an overnight flagship event of JECRC Incubation Centre, where the participants get an opportunity to build their ideas over a given problem statement.

The entire show takes a toll when the pitching session begins, after the battle of a sleepless night, top 15 teams will try their hands by sharing their ideas with the jury and the winners will be awarded with cash prizes.
